

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

This Privacy Notice is being provided to you as a requirement of a federal law, the Health Insurance Portability and Accountability Act (HIPAA). This Privacy Notice describes how we may use and disclose your protected health information to carry out treatment, payment or health care operations and for other purposes that are permitted or required by law. It also describes your rights to access and control your protected health information in some cases. Your “protected health information” means any written and oral health information about you, including demographic data that can be used to identify you. This is health information that is created or received by your health care provider and that relates to your past, present or future physical or mental health or condition.

I. USES AND DISCLOSURES OF PROTECTED HEALTH INFORMATION

The ASC may use your protected health information for purposes of providing treatment, obtaining payment for treatment and conducting health care operations. Your protected health information may be used or disclosed only for these purposes unless the facility has obtained your authorization or the use or disclosure is otherwise permitted by the HIPAA privacy regulations or state law.

A. Treatment. We will use and disclose your protected health information to provide, coordinate or manage your health care and any related services. This includes the coordination or management of your health care with a third party for treatment purposes. For example, we may disclose your protected health information to a pharmacy to fill a prescription or to a laboratory to order a blood test. We may also disclose protected health information to physicians who may be treating you or consulting with the facility with respect to your care. In some cases, we may also disclose your protected health information to an outside treatment provider for purposes of the treatment activities of the other provider.

B. Payment. Your protected health information will be used, as needed, to obtain payment for the services that we provide. This may include certain communications to your health insurance company to get approval for the procedure that we have scheduled. For example, we may need to disclose information to your health insurance company to get prior approval for the surgery. We may also disclose protected health information to your health insurance company to determine whether you are eligible for benefits or whether a particular service is covered under your health plan. In order to get payment for the services we provide to you, we may also need to disclose your protected health information to your health insurance company to demonstrate the medical necessity of the services or, as required by your insurance company, for utilization review. We may also disclose patient information to another provider involved in your care for the other provider’s payment activities. This may include disclosure of demographic information to anesthesia care providers for payment of their services.

C. Operations. We may use or disclose your protected health information, as necessary, for our own health care operations to facilitate the function of the ASC and to provide quality care to all patients. Health care operations include such

activities as quality assessment and improvement activities; employee review activities; training programs, including those in which students, trainees or practitioners in health care learn under supervision; accreditation; certification, licensing or credentialing activities; review and auditing, including compliance reviews, medical reviews, legal services and maintaining compliance programs; and business management and general administrative activities.

In certain situations, we may also disclose patient information to another provider or health plan for their health care operations.

D. Other Uses and Disclosures. As part of treatment, payment and health care operations, we may also use or disclose your protected health information for the following purposes: to remind you of your surgery date, to inform you of potential treatment alternatives or options, to inform you of health-related benefits or services that may be of interest to you, or to contact you to raise funds for the facility or an institutional foundation related to the facility. Should we send you any fundraising communications, you will be provided an opportunity to “opt out” of receiving any future fundraising communications. If you do not wish to be contacted regarding fundraising, please contact our Privacy Officer.

II. USES AND DISCLOSURES BEYOND TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS PERMITTED WITHOUT AUTHORIZATION OR OPPORTUNITY TO OBJECT

D. To Conduct Health Oversight Activities. We may disclose your protected health information to a health oversight agency for activities including audits; civil, administrative or criminal investigations, proceedings or actions; inspections; licensure or disciplinary actions; or other activities necessary for appropriate oversight as authorized by law. We will not disclose your health information

under this authority if you are the subject of an investigation and your health information is not directly related to your receipt of health care or public benefits.

E. In Connection With Judicial and Administrative Proceedings. We may disclose your protected health information in the course of any judicial or administrative proceeding in response to an order of a court or administrative tribunal as expressly authorized by such order or in response to a signed authorization. In certain circumstances, we may disclose your protected health information in response to a subpoena to the extent authorized by state law if we receive satisfactory assurances that reasonable efforts have been made to notify you of the request or obtain a protective order.

F. For Law Enforcement Purposes. We may disclose your protected health information to a law enforcement official for law enforcement purposes as follows:

- As required by law for reporting of certain types of wounds or other physical injuries.

We may disclose such information in reasonable anticipation of death. Protected health information may be used and disclosed for cadaveric organ, eye or tissue donation purposes.

H. For Research Purposes. We may use or disclose your protected health information for research when the use or disclosure for research has been approved by an institutional review board that has reviewed the research proposal and research protocols to address the privacy of your protected health information.

I. In the Event of a Serious Threat to Health or Safety. We may, consistent with applicable law and ethical standards of conduct, use or disclose your protected health information if we believe, in good faith, that such use or disclosure is necessary to prevent or lessen a serious and imminent threat to your health or safety or to the health and safety of the public.

J. For Specified Government Functions. In certain circumstances, federal regulations authorize the facility to use or disclose your protected health information to facilitate specified government functions relating to military and veterans activities, national security and intelligence activities, protective services

for the President and others, medical suitability determinations, correctional institutions and law enforcement custodial situations.

K. For Worker's Compensation. The facility may release your health information to comply with worker's compensation laws or similar programs.

III. USES AND DISCLOSURES PERMITTED WITHOUT AUTHORIZATION BUT WITH OPPORTUNITY TO OBJECT

We may disclose your protected health information to your family member or a close personal friend if it is directly relevant to the person's involvement in your surgery or payment related to your surgery. We can also disclose your information in connection with trying to locate or notify family members or others involved in your care concerning your location, condition or death.

You may object to these disclosures. If you do not object to these disclosures or we can infer from the circumstances that you do not object or we determine, in the exercise of our professional judgment, that it is in your best interests for us to make disclosure of information that is directly relevant to the person's involvement with your care, we may disclose your protected health information as described.

IV. USES AND DISCLOSURES THAT YOU AUTHORIZE

Other than as stated above, we will not disclose your health information other than with your written authorization. You may revoke your authorization in writing at any time except to the extent that we have taken action in reliance upon the authorization. We specifically require your written authorization for marketing or the sale of your protected health information. If our facility maintains psychotherapy notes, we will require your written authorization for the use or disclosure of psychotherapy notes other than by the creator of those notes, by the facility for its training programs or for the facility to defend itself in a legal action brought by you.

V. YOUR RIGHTS

You have the following rights regarding your health information:

A. The right to inspect and copy your protected health information. You may inspect and obtain a copy of your protected health information that is contained in a designated record set for as long as we maintain the protected health

information. A "designated record set" contains medical and billing records and any other records that your surgeon and the facility uses for making decisions about you. If information in a "designated record set" is maintained electronically, you may request an electronic copy in a form and format of your choice that is readily producible or, if the form/format is not readily producible, you will be given a readable electronic copy.

Under federal law, however, you may not inspect or copy the following records: psychotherapy notes; information compiled in reasonable anticipation of, or for use in, a civil, criminal or administrative action or proceeding; and protected health information that is subject to a law that prohibits access to protected health information. Depending on the circumstances, you may have the right to have a decision to deny access reviewed.

We may deny your request to inspect or copy your protected health information if, in our professional judgment, we determine that the access requested is likely

to endanger your life or safety or that of another person, or that it is likely to cause substantial harm to another person referenced within the information. You have the right to request a review of this decision.

To inspect or copy your medical information, you must submit a written request to the Privacy Officer whose contact information is listed on the last page of this Privacy Notice. If you request a copy of your information, we may charge you a fee for the costs of copying, mailing or other costs incurred by us in complying with your request.

Please contact our Privacy Officer if you have questions about access to your medical record.

B. The right to request a restriction on uses and disclosures of your protected health information.

You may ask us not to use or disclose certain parts of your protected health information for the purposes of treatment, payment or health care operations. You may also request that we not disclose your health information to family members or friends who may be involved in your care or for notification purposes as described in this Privacy Notice. Your request must state the specific restriction requested and to whom you want the restriction to apply. The facility is not required to agree to a restriction that you may request unless your request relates to a disclosure to a health plan for items or services that were paid in full by you or someone other than the health plan and the disclosure is not required by law. We will notify you if we deny your request to a restriction. If the facility does agree to the requested restriction, we may not use or disclose your protected health information in violation of that restriction unless it is needed to provide emergency treatment. Under certain circumstances, we may terminate our agreement to a restriction. You may request a restriction by contacting the Privacy Officer.

C. The right to request to receive confidential communications from us by alternative means or at an alternative location.

You have the right to request that we communicate with you in certain ways. We will accommodate reasonable requests. We may condition this accommodation by asking you for information as to how payment will be handled or specification of an alternative address or other method of contact. We will not require you to provide an explanation for your request. Requests must be made in writing to our Privacy Officer.

D. The right to request amendments to your protected health information.

You may request an amendment of protected health information about you in a designated record set for as long as we maintain this information. In certain cases, we may deny your request for an amendment. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal. Requests for amendment must be in writing and must be directed to our Privacy Officer. In this written request, you must also provide a reason to support the requested amendments.

E. The right to receive an accounting.

You have the right to request an accounting of certain disclosures of your protected health information made by the facility. This right applies to disclosures for purposes other than treatment, payment or health care operations as described in this Privacy Notice. We are also not

required to account for disclosures that you requested, disclosures that you agreed to by signing an authorization form, disclosures for a facility directory, disclosures to friends or family members involved in your care or certain other disclosures we are permitted to make without your authorization. The request for an accounting must be made in writing to our Privacy Officer. The request should specify the time period sought for the accounting. Accounting requests may not be made for periods of time in excess of six years. We will provide the first accounting you request during any 12-month period without charge. Subsequent accounting requests may be subject to a reasonable cost-based fee.

F. The right to obtain a paper copy of this notice. Upon request, we will provide a separate paper copy of this notice even if you have already received a copy of the notice or have agreed to accept this notice electronically.

VI. OUR DUTIES

The facility is required by law to maintain the privacy of your health information and report to you any breach of unsecured protected health information. We are also required to provide you with this notice of our duties and privacy practices and shall abide by terms of this notice as may be amended from time to time. We reserve the right to change the terms of this notice and to make the new notice provisions effective for all future protected health information that we maintain.
